## Few of Project Experience in Brief

### Australia - [www.dealsdirect.com.au](http://www.dealsdirect.com.au) Online retailer – Australia Sydney

This is one of the outsourced projects, where I was outsourced by NexGroup Asia Pacific (NSW Australia) for DealsDirect Group(DDG) to work as an external consultant. Main objectives were to deploy the QA principles in DDG Env, work as a support engineer (Quality Assurance), and handle the role of Business Analysis for Change request. I was working onsite Australia for 1.5 (Sydney Ingleburn) months and continued work in Sri Lanka for 1 year which ended up in December.

### eLocal Government Project/ICTA

eLG is a Service Oriented Architectural Project done for local Governments. This system is developed on a SOA platform, using the wso2 stack, such as WSO2 Application Server, Identity Server, Stratos Cloud Management, Governance Registry and Business Process Server. Further we have used Struts 2.14 for front end, spring as the middle layer and Hibernate for the Data Access Object layer. Further developments are ongoing.

### ePension / ICTA

This application is mainly developed by using EJB 3.0 technology, while Struts 2.0.14 and Tile frameworks were used to support the front end. Oracle 11g was used as the DBMS
